MARINE CORPS EMBASSY SECURITY GROUP ORDER 1752.1A

From: Commanding Officer, Marine Corps Embassy Security Group  
To: Distribution List

Subj: MARINE CORPS EMBASSY SECURITY GROUP STANDARD OPERATING PROCEDURES FOR  
SEXUAL ASSAULT PREVENTION AND RESPONSE

Ref: (a) DOD Directive 6495.01  
(b) DOD Instruction 6495.02 Vol 1-3  
(c) SECNAVINST 1752.4C  
(d) MCO 1752.5C  
(e) NAVMC 1752.5  
(f) DD Form 2910

Encl: (1) MCESG Standard Operating Procedures for Sexual Assault Prevention  
and Response (SAPR)  
(2) MCESG Region and Detachment Local SAPR Resources

1. Situation. This order provides policies and procedures to implement and manage the Marine Corps Embassy Security Group (MCESG) Sexual Assault Prevention and Response (SAPR) Program. MCESG consists of more than 2,400 Marines and Sailors stationed at over 185 geographic locations worldwide, making victim resource availability and response to situations a challenge. This order addresses prevention, response, reporting, advocacy, command requirements, and training methods to comply with the current orders and directives annotated as references (a) - (e). References (a) - (e) are the primary policy's guiding the design and conduct of the SAPR program at Department of Defense (DOD), Department of the Navy (DON), and United States Marine Corps (USMC) levels. DOD and USMC SAPR Programs are currently being modernized. This Order formally establishes current policies and procedures for MCESG but is subject to future modernization to stay aligned with DOD and USMC changes. Anticipated changes include redesign under the term Sexual Assault Response Workforce (SARW).

2. Cancellation. GruO 1752.1.

3. Mission. The impact of a sexual assault undermines the safety and wellbeing of every MCESG Marine, Sailor, and civilian who dutifully serve. Our mission is to utilize a comprehensive approach through specialized personnel, education, and resources, to prevent sexual assault and respond to the victim's benefit if cases do occur. MCESG's command will not tolerate sexual assault within its ranks.

4. Execution

a. Commander's Intent and Concept of Operations

(1) Commander's Intent

(a) Purpose. Sexual assault is a criminal act that erodes unit cohesion and contradicts Marine Corps values. Every Marine and Sailor shall

DISTRIBUTION STATEMENT A: Approved for public release; distribution is unlimited.

be aware of what constitutes a sexual assault and the consequences of such behaviors through a culture of prevention and positive command climate. Every Marine and Sailor should feel safe, free from retaliation, and confident in access to services and support of the Chain of Command.

(b) End State. Marine Security Guard readiness and operational excellence are objectives for every Marine, Sailor, and civilian in this command. Sexual assault is incompatible with those objectives. MCESG will establish a strong, cohesive, and zero-tolerance environment to execute actions that reinforce that message. To meet our objective, every leader will create a culture of prevention by encouraging an uncompromising moral command climate that will treat every member of our organization with dignity and respect. This Command prioritizes prevention efforts and victim care.

(2) Concept of Operations

(a) See Enclosure (1) for the MCESG SAPR Program Standard Operating Procedure (SOP).

(b) See Enclosure (2) for MCESG Region and Detachment Local SAPR Resources.

(c) SAPR Definitions.

1. Per references (a) and (b), Sexual Assault is defined as intentional sexual contact characterized by use of force, threats, intimidation, or abuse of authority, or when the victim does not or cannot consent. As used in this Order, the term includes a broad category of sexual offenses consisting of the following specific Uniform Code of Military Justice (UCMJ) offenses: rape, sexual assault, aggravated sexual contact, abusive sexual contact, forcible sodomy (forced oral or anal sex), or attempts to commit these offenses.

2. Per reference (d), the Sexual Assault Prevention and Response (SAPR) program is defined as those efforts designed to address the specific needs of victims of sexual assault and related issues. SAPR includes establishing procedures to protect the victim's dignity and privacy; establishing processes under the Victim and Witness Assistance Program (VWAP) to address the special needs of victims, as coordinated by Staff Judge Advocate (SJA) to Commandant of the Marine Corps (CMC); formalizing a mandatory, standardized sexual assault victim assistance program; tracking sexual assault trends; and formalizing a sexual assault prevention program throughout the Marine Corps.

3. For the MCESG SAPR program, SAPR Personnel are defined as trained, certified, and appointed Sexual Assault Response Coordinators (SARCs) and SAPR Victim Advocates (VAs) who are responsible for victim response efforts, in a non-clinical, privileged, and compassionate approach, that also encourages referrals to numerous resources; and who additionally are responsible for command SAPR training events.

(d) SAPR program eligibility, per references (a) and (b):

1. All DOD Service Members, Active and Reserve. Including those who were sexually assaulted before their enlistment or commissioning,

regardless of when or where the incident occurred, and the age of the victim at the time of the incident.

2. Military dependents 18 years of age and older who are eligible for treatment in the military healthcare system who were victims of sexual assault perpetrated by someone other than a spouse or intimate partner.

3. DOD civilian employees and their adult (18+) dependents. However, limited SAPR and medical services exist for OCONUS DOD civilian employee family members.

4. U.S. citizen DOD contractor personal, when OCONUS for contingency operations. SAPR and medical services are limited to certain circumstances detailed in reference (b).

5. Limited or no SAPR services are offered to those not mentioned above. For resources and referrals, refer non-eligible SAPR victims to SARCs for further guidance. While children dependents and intimate partner sexual assault victims are not eligible for the SAPR program, other programs and staffs are designed to provide support.

(e) Reporting options, per reference (a):

1. Restricted Reporting. The restricted reporting option allows sexual assault victims to confidentially disclose the assault to specified individuals who can receive a restricted report such as the SARC or SAPR VAs. Victims have access to medical treatment (including emergency care), counseling, and SARC or SAPR VA assignment without triggering an official investigation. The victim's report provided to healthcare personnel, SARCs, or SAPR VAs will not be reported to law enforcement or the command unless the victim consents, the MCESG SARC establishes an exception in accordance with the references, or when required by the state's law. This reporting option is designed to provide the victim resources with no members of the Command team or unit being aware.

a. Exception Applicability. Reference (f) outlines confidentiality exceptions for SAPR personnel. The MCESG SARC will determine whether an exception may apply and may seek guidance with the Victim's Legal Counsel Organization (VLCO) and Headquarters Marine Corps (HQMC) Sexual Assault Prevention and Response Office (SAPRO) before exercising an exception.

b. Eligibility. According to reference (b) Volume 1, victims are eligible to file a Restricted Report, providing they did not personally report the sexual assault incident to law enforcement including Military Criminal Investigation Organization (MCIOs); and they did not previously elect to make an Unrestricted Report with a SARC or SAPR VA by signing a Department of Defense (DD) Form 2910 on the same sexual assault incident. See reference (b) for additional details regarding the victim's rights to communicate with others regarding a sexual assault and their ability to file a restricted report.

2. Unrestricted Reporting. The unrestricted report option allows sexual assault victims to confidentially disclose the assault to specified individuals who can receive a restricted report such as the SARC or

SAPR VAs. Like with restricted reports, victims have access to medical treatment (including emergency care), counseling, and SARC or SAPR VA assignments. In addition, unrestricted reports enable involvement military commanders and law enforcement agencies. Situation details are limited to people who have a need to know to care for the victim.

3. No Report. After a confidential discussion with SAPR personnel, the victim may decide not to file an official report. Support and communications from the Victim Advocate will be limited, because the relationship and further confidential conversations are not protected through a formal report.

(f) Confidential Communications with SAPR Personnel. Marines, Sailors, and applicable civilians are entitled to confidential communications with SAPR personnel. SAPR documentation is transmitted and stored in accordance with reference (d) and (e).

1. SAPR personnel are obligated to break confidentiality under the circumstances below, per reference (f).

a. When the victim provided written authorization, disclosure to Command officials or law enforcement.

b. To prevent or lessen a serious and imminent threat, disclosure to Command officials or law enforcement. The threat may be to the victim's health or safety, or to another person. Multiple reports involving the same alleged suspect may also meet this criterion.

c. To provide necessary limited information to enable fitness for duty or disability determination decisions by Disability Evaluation Boards, Medical Evaluation Boards, and participating officials.

d. To ensure reasonable execution of SAPR and healthcare services, disclosure to the SARC, SAPR VA, or healthcare professional.

e. To comply with military or civilian court orders seeking to complete federal or state statute compliance.

(g) Disclosure Limits for Victims, Marines, and Witnesses, according to reference (d):

1. Victim communications. Reference (d) identifies who victims can confide in regarding sexual assault and reporting option decisions. Confiding in the chain of command or law enforcement may compromise the ability to use the restricted report option. See the reference for greater detail.

2. Non-victim, non-chain of command Marine communications. Marines are not mandated to notify the chain of command if they are informed of a sexual assault. However, Marines are mandated to report incidents of sexual assault that come under their observation (e.g. witness a sexual assault).

3. Chain of command communications. The commander will notify the MCIO of any sexual assault that comes to their attention. In the event of unrestricted reports via victim report or third-party notification,

the commander has additional reporting requirements as mentioned in enclosure (1) and references (a) - (e).

(h) Improper Disclosure. If the SARC, SAPR VA, or healthcare provider makes an unauthorized disclosure of confidential communication; disciplinary action under the UCMJ, administrative action, or suspension or revocation of Defense Sexual Assault Advocate Certification Program (D-SAACP) certification may occur. Unauthorized disclosure does not impact on the status of a restricted report. Enclosure (1) covers the D-SAACP suspension/revocation protocol, contingency plan requirement, and revocation template.

(i) Disclosure of Collateral Misconduct. When disclosed by the victim to the SARC or SAPR VA, collateral misconduct related the sexual assault is considered confidential communication and not reported unless confidentiality exceptions apply. Collateral misconduct confidentiality does not apply to offenses committed unrelated to the sexual assault.

(j) Independent Investigations. The victim shall not conduct an independent investigation. This in no way interferes with their right to report a complaint to local law enforcement, an MCIO, or the Command.

(k) For the SAPR program, MCESEG reports to both Marine Forces Command (MARFORCOM) and Marine Corps Base Quantico (MCB-Q) for administrative and case management functions.

b. Tasks

(1) MCESEG command and staff responsibilities are clarified in enclosure (1).

(2) All Marines/Sailors/Civilians

(a) Understand the different reporting options (restricted, and unrestricted) available to victims of sexual assault.

(b) Know which SAPR personnel are assigned to support their respective unit. SARC and SAPR VA information is posted throughout all HQ/MSAU/Schools/Regions/Detachment workplaces.

(c) Promote zero tolerance for retaliation (restriction, reprisal, ostracism, coercion) sexual harassment, or maltreatment.

(d) Treat all victims of sexual assault with sensitivity, dignity, and respect.

(e) Complete required SAPR training, per references (d) and (e).

(f) Use active bystander intervention techniques to intervene when an individual is targeted for a sexual assault.

(g) Be familiar with the SAPR program, available resources, and response capability when on Temporary Assignment of Duty (TAD).

(h) Be aware of contact information for SAPR VAs, SARCs, and the MCB-Q Installation 24/7 Sexual Assault Support Line.

c. Coordinating Instructions

(1) For situations not covered in this order or references, consult with MCEG SARC or SAPR VA.

(2) Forward recommendations concerning this order's content to the MCEG Commanding Officer via MCEG SARC.

5. Administration and Logistics. MCEG shall maintain the SAPR program per this order and the Inspectors General Functional Area Checklist 1752.

6. Command and Signal

a. Command. This Order is applicable for all personnel assigned to MCEG.

b. Signal. This Order is effective the date signed.

## CHAPTER 2: MCESG MARINES AND CIVILIANS WITH SAPR RESPONSIBILITY

### 2001. COMMANDING OFFICERS & COMMAND TEAMS

Per MCO 1752.5C, for the SAPR program, commanders are defined as board-screened, board-slated, Commandant of the Marine Corps-approved O5s and above.

The following O6 and O5 Commanding Officers are responsible for prevention and response of sexual assault within their influences.

- MCESG
- Regions 1-9

**The following tasks and responsibilities apply to MCESG O6 and O5 Commanding Officers. These tasks are more detailed in other areas of this document.**

- MCESG Commanding Officer
  - Attend a SAPR Resource Brief from an authorized SARC within 30 days of assuming the Command.
  - Publish a SAPR Policy for the Command within 90 days of assuming the Command.
  - Appoint a SARC to manage SAPR documentation, monitor status of D-SAACP certifications to ensure compliance for SAPR VA appointments and training, and to coordinate inspection of the program compliance through assist visits with higher headquarters. Fill and utilize SAPR Civil Service billets to the maximum extent possible.
  - Appoint at least 1 SAPR VAs to provide a 24/7 response capability to the Headquarters and Schoolhouse. Fill and utilize SAPR Civil Service billets to the maximum extent possible.
  - Publish a SOP for the effective management of the SAPR program that is, at a minimum, comprised of protocols for the response, reporting, advocacy, training, and guidance for the command's area of responsibility including protocol for exercises and deployments.
  - Release Operation Report Report-3/Serious Incident Reports (OPREP-3/SIR) per reference (e).
  - Submit an 8-Day Incident report per reference (d) which an appointed Commanding Officer (CO) cannot delegate.
  - Attend the Installation Case Management Group (CMG) for all cases of sexual assault involving victims within their command. Per the references, Commanders shall not delegate attendance beyond the CO. An alternate attending on behalf of the CO must have an acting letter.
  - Establish a protocol for the approval and disapproval of Expedited Transfers (ET), Military Protection Orders (MPOs) and no contact orders (NCOs) within your command for active-duty members and dependents over 18.
  - Address all victim safety concerns and stand up a HRRT within 24 hours of an assessment of a high-risk victim.

- **Region and MSAU Commanders:**
  - For O5 Commanders only, attend a SAPR Resource Brief from an authorized SARC within 30 days of assuming the Command.
  - Create a command climate empowering the prevention of and response to sexual assaults.
  - Appoint at least (1) SAPR VA to support victims within your influence.
  - Region/MSAU Commanders or VAs should complete voice reports of unrestricted cases or allegations of sexual assault immediately to the MCESG SARC.
  - Report to the MCESG CO any concerns of victim safety, retaliation towards the victim or SAPR personal, or victim access to services.
  - After monthly Case Management Group (CMG) meetings, complete 72-hour notifications to victims of open CMG-briefed unrestricted cases. Notify the MCESG Commander and SARC of any changes to victim safety, retaliation, or access to services. This responsibility cannot be delegated beyond O5 commanders.

### **Command Teams**

For SAPR, members of the "Command" are generally interpreted as the Commanding Officer, Executive Officer, and Senior Enlisted Advisor. Examples for MCESG are below. Members of Command Teams cannot be appointed as SAPR personnel. Members of the Command are mandated reporters of Sexual assault if they are disclosed of situations through unrestricted reports, third party notifications, or directly witnessing the crime.

- **Group:** Commanding Officer (O6), Executive Officer (O5), Senior Enlisted Advisor (SEA) (E9).
- **Region:** Commanding Officer (O5), Executive Officer (O3-O4), Senior Enlisted Advisor (SEA) (E8).
- **MSAU:** Commanding Officer (O4), Executive Officer (O2-O3), Senior Enlisted Advisor (SEA) (E8).
- **Schools:** Officer in Charge (OIC) (O4), Senior Enlisted Advisor (SEA) (E8).
- **Headquarters Company:** Commanding Officer (O2-O4), Executive Officer (O1-O2) Senior Enlisted Advisor (SEA) (E8).

*Policies and references for the above paragraph include the following:*

- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

## **2002. SEXUAL ASSAULT PREVENTION AND RESPONSE (SAPR) SPECIALIZED PERSONNEL**

The following are civilian/military positions for Sexual Assault Prevention and Response (SAPR)

- Sexual Assault Response Coordinator (SARC) – Civil Service, or O3+
- Victim Advocate (VA) – Civil Service, or E6+ [Effective 20270930]

**The following tasks and responsibilities apply to MCESG, Region, MSAU, and Headquarters SARC and SAPR VAs. These tasks are more detailed in other areas of this document.**

- MCESG SARC.

## UNCLASSIFIED

GruO 1752.1A

- Follow all SARC administrative procedures in accordance with the DOD, Navy, and Marine Corps policy.
- Provide support for all MCESG cases to include the Headquarters, Regions 1-9, all Marine Security Guard (MSG) detachments, MSAU, and the School. Ensure on-time reporting to Headquarters Marine Corps (HQMC) through OPREP-3 SIR, 8-Day Reports, and the Defense Sexual Assault Incident Database (DSAID).
- Notify MCESG Victim and Witness Assistance Program (VWAP) representative when a DD Form 2710 Initial Information for Victims & Witnesses of Crime handout. So that confidentiality is maintained, DD form quantity provided and date are the minimum requirements.
- The MCESG Headquarters (HQ) SARC will have direct and unimpeded access to all levels of leadership within this command, all detachments, and with the given installation commander.
- Create and maintain collaborative relationships with fellow Marine Corps SARCs and sister-service SARCs across the area of responsibility. Promote timely and effective communication and customer service at all times. This includes in-person, email correspondence, and telephonic communications.
- Attend monthly Case Management Group (CMG) meetings. Coordinate with appropriate Marine Corps installation and sister-service SARCs to attend meetings either in-person or telephonically.
- Conduct monthly audits of program materials to include and not limited to command website, local resources, SAPR VA posters, command policy statements, continuing education hours, annual training percentages, data tasks, SAPR VA response procedures, communication procedures, etc.
- Maintain current copies of SARC and VA appointment letter, documentation of D-SAACP certification, and required training certificates.
- Obtain MCESG CO signature on 8-Day Reports and submit to HQMC SharePoint within 8 calendar days of the report date or date Command was informed.
- Post current information including appointed and credentialed MCESG and Region/MSAU SARC and SAPR VAs, reporting options, local resources, the MCB-Q 24/7 Sexual Assault Support Line phone number, and the DOD Safe Helpline contact information throughout high traffic and common areas. Other DOD sponsored assets may be posted along with SAPR materials including resources for reporting retaliation, ostracism, maltreatment, and reprisal, sexual harassment, suicide helpline, domestic violence helpline, etc.
- Stand post in the MCB-Q SAPR Duty/Hotline program.
- Provide SAPR program updates to VAs.
- Immediately self-report to CO, MCESG any arrest, an accusation of a violation, named in a complaint, or a named subject of an investigation.
- MCESG/Region/MSAU SAPR VA:
  - Provide New Join Briefs and/or check-in sheets with SAPR personnel contact information and locations for all MCESG personnel and students within your influence.

- Provide support for cases within appointed influence (ie Headquarters, MSAU, or a Region). Ensure on-time reporting MCESG SARC.
- Notify MCESG Victim and Witness Assistance Program (VWAP) representative when a DD Form 2710 Initial Information for Victims & Witnesses of Crime handout. So that confidentiality is maintained, DD form quantity provided and date are the minimum requirements.
- Coordinate with the MCESG HQ SARC and MCESG S-3 Operations to support and facilitate HQMC SAPR approved annual training. Maintain all training session attendance sheets and provide copies to the HQ SARC. Run completion records in the Marine Corps Training Information Management System (MCTIMS).
- Post current information including appointed and credentialed MCESG and Region/MSAU SARC and SAPR VAs, reporting options, local resources, the MCB-Q 24/7 Sexual Assault Support Line phone number, and the DOD Safe Helpline contact information throughout high traffic and common areas. Other DOD sponsored assets may be posted along with SAPR materials including resources for reporting retaliation, ostracism, maltreatment, and reprisal, sexual harassment, suicide helpline, domestic violence helpline, etc.
- Immediately self-report to MCESG/Region CO any arrest, accusation of a violation, named in a complaint, or a named subject of an investigation.
- For Quantico VAs only, stand post in the MCB-Q SAPR Duty/Hotline program.

### **Appointments**

Commanding Officers are responsible for appointing specialized SAPR personal to support their Command's populations. Appointed SARCs are responsible for the facilitation of the below onboarding requirements prior to the appointment of additional SARCs or VAs. A commander may provide written appointment after it validates the following have occurred.

HQ, Regions, MSAU, and Schools must validate the following before appointing its Victim Advocates.

- **Appropriate Personnel Type and Grade:** Full-time Civil Service VA position, or collateral-duty military E5+.
- **No Conflicting Responsibilities:** Commanding Officer, Executive Officer, Sergeant Major, First Sergeants, Senior Enlisted Advisors (SEA), Staff Judge Advocate (SJA) / Command Judge Advocate (CJA), Equal Opportunity Coordinator Advisor (EOC), Substance Abuse Control Officer (SACO), Deployment Readiness Coordinator (DRC), Victim Witness Assistance Program (VWAC) representative, Chaplain, Religions Program Specialists, or Suicide Prevention Officers. In addition, MCESG strongly recommends against appointing Detachment Commanders into SAPR positions, to prevent situations where a detachment Commander's obligations to victims and their Regional Commander are in conflict.
- **Appropriately Trained:** Authorized 40 Hour SAPR Victim Advocate Course Certificate.
- **Clean Background Records Check:** Provided via MCB-Q PMO Security Battalion Records Department or other military police department, which provides the Command confidence in ability to perform SAPR duties.
- **Not a Sexual Offender:** Member is not on the national sex offender registry.
  - <https://www.nsopw.gov/search-public-sex-offender-registries>

- Security Clearance Holder: Obtain a verification letter from the MCESG Security Manager's Office verifying the current clearance level. If a person has been screened and trusted with classified information, there is greater assurance they will appropriately handle sensitive confidential personal information.
- Department of Defense Sexual Assault Advocate Certification Program (D-SAACP) Certified: Member has applied and has been Certified via DD Form 2950 for new applications or via DD Form 2950-1 for renewal. D-SAACP certification number should be listed on appointment letters.

Sexual Response Assault Coordinator (SARC). In addition to the above VA requirements, SARCs are required to complete these requirements prior to Commander written appointment:

- Full-time Civil Service SARC position, or collateral-duty military O3+ or CWO3+
- HQMC-Authorized Command SARC Course.
- HQMC-Authorized United States Marine Corps (USMC) Train the Trainer (T3) Course.
- Marine Corps eLearning Ecosystem (MCeLE)
  - Introduction to DSAID Course "[USMCDSAID1](#)".
  - SARC 101 "[SARCoor101](#)".
  - Annual Privacy Training Course "[DODPII010A](#)".
  - Prevention in Action for Stakeholders "[MFPPREVENT](#)".
- JKO LMS
  - DSAID Basic Online Training Course "SAPRO-US1244".
  - DSAID Online Training for SARCs Course "SAPRO-US1245".
  - CATCH a Serial Offender (CATCH) Program Introduction Training Course "SAPRO-CATCH01".

The following Commands are required to appoint SAPR personnel at these minimum quantities. Commands are encouraged to appoint additional personnel. Available MCESG SAPR Civil Service positions should be utilized to the maximum extent.

- MCESG HQ: (1) SARC, (1) VA
- MSAU: (1) VA
- Region 1 – 9: (1) VA each

All SAPR VAs attached to MCESG including all detachments will eliminate conflicts of interest that interfere with, or give the appearance of interfering with, victim care and command relationships. SAPR VAs who are instructors will not be assigned as SAPR VA to a student within his/her class as this places the Marine in the concurrent and conflicting roles of advocate and disciplinarian. Similarly, if a Detachment Commander was appointed into a SAPR capacity, they could not perform victim advocacy for Marines within their detachment. The SAPR VA must contact another unit SAPR VA to who is not that Marine's instructor or detachment commander. This applies to Restricted and Unrestricted Reports.

If a Marine is a SAPR VA and stands duty as a command staff duty officer (SDO) or officer of the day (OOD), that Marine must only function in the capacity of the CDO/ OOD for the duration of duty. These procedures ensure 24/7 SAPR VA support remains continuous.

Appointment letters should follow Headquarters Marine Corps (HQMC) templates. MCESG SARC can provide as required. Letters should include D-SAACP certification number, and be signed by the Group, Region, or MSAU Commanding Officers. New Commanders are not required to re-appoint SAPR personnel appointed by previous commanders. Appointment letter dates should not precede 40-hour training dates or DSAACP certification dates.

### **Gaps and Contingency Plans**

In the event a command will not have a minimally required quantity of SAPR personnel for a period of 30 days or more, the command should coordinate with the MCESG SARC and HQ for temporary coverage and to coordinate future appointments. Gaps may arise from annual leave, onboarding, training, certification, recertification, appointment, or suspension.

24/7 victim advocacy support will remain available to the unit to minimize risk and disruption of SAPR services during special circumstances including and not limited to: MCESG HQ SARC vacancy, SAPR personnel suspensions/ revocations, inclement weather, natural disasters, government shutdown, etc.

In such situations, the Marine Corps Base Quantico (MCBQ) 24/7 Sexual Assault Support Line phone number and the Department of Defense (DoD) Safe Helpline contact information will serve as 24/7 victim advocacy support. The MCB-Q SAPR Phone line is manned 24/7 in support of Quantico and its tenant Commands, including MCESG's units outside the National Capital Region.

### **Suspensions, Revocations, and Reinstatement**

SAPR personnel receive background and security clearance checks prior to initial appointment. In the event a historical circumstance is overlooked, or new circumstances are in violation of D-SAACP certification standards, there are obligations for the command to respond with suspensions/revocations and report the circumstances to applicable entities. These circumstances include sexual or non-sexual instances where certified and appointed SAPR VA has been arrested, accused of a violation, named in a complaint, or is the subject of an investigation.

Commander's suspensions and revocations must be documented in writing. The MCESG SARC will need informed of the circumstances to notify MCB-Q, MFC, and HQMC. HQMC's SharePoint has templates for SAPR suspensions and revocation letters, and the MCESG can obtain upon request.

### **Continued Education Units**

Every attempt will be made to ensure opportunities are made available for all SAPR VAs to attain continuing education unit (CEU) requirements. Opportunities may include and are not limited to: in-person training offered by sister-service programs, HQMC SAPR, or MCESG HQ SARC; online and web-based trainings; training offered via HQMC SAPR SharePoint; and Marine Corps installation sponsored trainings.

The USMC requires 16 hours of continued education every year, and the DOD and D-SAACP require 32 total hours over two years for Certification renewal. DOD and USMC have guidance's posted to direct SAPR personnel to appropriate and inappropriate course subject material for continued education credit.

Of the 32 hours required, the below are routinely required for recertification:

- Ethics: 2/32 must be ethics related
  - The remaining 30/32 must be prevention related
- DOD Safe Helpline: 1/32 must be DOD Safe Helpline 101 course.
- Live Virtual or In-Person: 8/32 must be "in person" or "live virtual"
- Service (USMC) Specific: 12/32 MAX

### CEU Opportunities

- Specific Requests can be made for in-person virtual courses. Requests can be forwarded to MCB-Q SAPR Office to organize.
- DOD Safe Helpline: <https://safehelpline.org/how-to-register>  
<https://jkodirect.jten.mil/Atlas2/page/desktop/DesktopHome.jsf> [SHL-001]
- Ethics:
  - (1) Hr : Texas Victim Assistance Training (TVAT) Online Texas Department of Criminal Justice Victim Services Division  
[https://www.tdcj.texas.gov/divisions/vs/tvat\\_online.html](https://www.tdcj.texas.gov/divisions/vs/tvat_online.html) (its a 4 hours course: 1 hr ethics, 3 hours normal ceu)
  - (.5) Hr: Ethical Practice and Language Access: A Conversation video  
<https://trynova.org/victim-advocacy-ethics/> at the bottom of the page. Also here

### DSAID Profile Maintenance

MCESG SARC is responsible for maintaining DSAID with all certified SARCs and VA profiles to include continued education.

### SAPR Personnel Roster & Communications

MCESG SARC is responsible for maintaining an accurate roster of appointed SAPR personnel within MCESG, to include details about certification and continuing education deadlines. The SARC will be

able to provide evidence of communication within the AOR to ensure SAPR personnel have modern program updates and administrative readiness.

#### **SAPR Personnel Records Management**

MSAU, Regions 1-9, and MCESG HQ will maintain current and historical Victim Advocate documents as follows, in accordance with MCO 1752C and NAVMC 1752 Ch 8 Encl 1.

- 40-hour SAPR VA training certificates – maintain for 7 years
- D-SAACP Application – maintain 3 years
- D-SAACP Certification (email, certificate, ID card) – maintain 3 years
- appointment letters – maintain for 3 years
- Continuing Education Unit (CEU) – maintain for 7 years

#### **SARC Access to Installation Commander**

The MCESG HQ SARC will have direct and unimpeded access to all levels of leadership within this command, all detachments, and with the given installation commander.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol2 Sexual Assault Prevention and Response Education and Training dated 20210409*
- *NAVMC 1752.5 Sexual Assault Prevention and Response (SAPR) Procedures dated 20190605*
- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*
- *MFC Order 1752.2 dated 20250421*

## **2003. MCESG's NON-SAPR SUPPORT**

**The following tasks and responsibilities apply to MCESG's staff. These tasks may be detailed in other areas of this document.**

- MCESG Adjutant (S-1)
  - Complete SAPR related OPREP-3 SIR reporting within the required timelines.
  - Support all SAPR administrative related functions to include and not limited to: completing and suspension/revocation documentation, supporting command responsible Expedited Transfer documentation, etc.
  - Ensure MCESG SARC and HQ SAPR VAs are listed on the HQ check-in/check-out sheet.
- MCESG Operations Officer (S-3)
  - Coordinate with the MCESG HQ SARC and MCESG SAPR VAs to ensure all HQMC SAPR approved annual training are captured on the unit's training plan/schedule and are recorded by MCESG, Region, MSAU, or Detachment personal in MCTIMS.
  - Provide copies of SAPR course attendance rosters to the SARC. Rosters should include instructor's name and date.
- MCESG Chaplain. Provide support to victims as needed. Ensure victims of sexual assault are aware of their option to meet with a SAPR VA or SARC.
- MCESG Equal Opportunity Coordinator (EOC).

- Support victims of sexual harassment.
- In the event a victim's circumstances may be greater than sexual harassment and more appropriately defined as sexual assault, ensure victims are aware of their option to meet with a SAPR VA or SARC.
- MCESG Command Judge Advocate.
  - Advise the Commander on command actions to include Expedited Transfers, Military Protection Orders, and no contact orders (NCOs).
  - Lead MCESG communications with appropriate MCIOs to include the NCIS, as well as the Office Special Trial Counsel (OSTC).
- MCESG S-6. At the request of the SARC, update SAPR materials on the SharePoint and public websites for MCESG. Updates may include Orders, Policy Statements, SAPR Personal contact information, and other resources.
- Substance Abuse Control Officer (SACO). Support sexual assault victims who have concerns with drug and alcohol use. Substance abuse issues can arise with victims of sexual assault.
- MCESG Medical Corpsman. As needed, assist SAPR personal and sexual assault victims in providing desired medical and mental health resources.
- Nurse Case Manager. As needed, assist SAPR personal and sexual assault victims in providing desired medical and mental health resources.
- MCESG Behavioral Health Psychologist Team. As needed, assist SAPR personal and sexual assault victims in providing desired medical and mental health resources.
- MCESG Victim and Witness Assistance Program (VWAP) Representative. As needed, assist SAPR personnel, victims, and witnesses by coordinating legal support. Maintain records of DD Form 2701 distribution as required by Congressional, DOD, DON, and USMC standards.

#### **Warm Handoffs to Non-SAPR Specialists**

SAPR personal should complete warm handoffs to the following specialists if appropriate. Situations with the below circumstances may not be applicable to the SAPR program and case management.

Family Advocacy Program (FAP) for cases of sexual assault of children and intimate partners, including spouses.

- MCB-Q
- 703 784 2570
- 703 350 1688 (24/7 FAP Duty)

Equal Opportunity Coordinators (EOC) and Advisors (EOA) for cases of sexual harassment.

*Policies and references for the above paragraph include the following:*

- *SECNAV Memo Department of the Navy No Wrong Door Policy 20220624*

## CHAPTER 3: PREVENTION

### 3001. COMMAND CLIMATE AND POLICY

In accordance with MCO 1752.5C, each MCESG CO shall publish SAPR guidance at the beginning of their tenure. This policy will establish the overall intentions and expectations of this standard operating procedure. The current policy has been listed as a reference. MCESG shall post copies of this policy statement throughout high traffic and common areas.

Regions, MSAU, and Schools are encouraged to develop their own SAPR Policy. Best practices are below:

- Support SAPR program objectives.
- Emphasize sexual assault is a crime and not compatible with Marine Corps core values, such as decently, respect, and teamwork.
- Stress importance of cultivating climates and prevention focused leadership.
- Highlight reporting options.
- Includes SARC or installation SAPR resource information.
- Has a positive tone regarding the SAPR program.
- Does not mention or imply mandatory reporting for non-mandated reporters.
- Does not make reference to alcohol as a causal factor of sexual assaults.
- Does not discuss collateral misconduct during reporting.

The Group is required by MCO 1752.5C to publish an SOP to communicate how the SAPR Program will be conducted within MCESG. MCESG's unique structure and geographical dispersion necessitate the communication of prevention and response. Regions and MSAU are not required to create their own SAPR order or SOP.

*Policies and references for the above paragraph include the following:*

- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

### 3002. EDUCATION AND TRAINING REQUIREMENTS FOR MCESG PERSONEL

#### **Command Team Brief**

MCESG O6 and O5 Commanders, are required to attend a SAPR Command Resource Brief within 30 days of assuming command. The MFC SARC is the default presenter, but MCB-Q and MCESG SARC may provide the course if expressed in writing from MFC. O5 Executive Officers and E8-E9 Senior Enlisted Advisors are encouraged to also attend.

#### **Initial SAPR Personnel Training**

SARCs and VAs are required to complete initial training prior to certification and appointment. SAPR personal are also required to complete continuing education. Continued education is explained further in Chapter 1 of this document.

#### **All Other MCESG Personnel**

**Annual Training:**

All HQMC SAPR approved annual training will be captured on the unit's training plan/ schedule. All service members will attend training specific to their rank. Only currently credentialed and appointed SAPR VAs are authorized to facilitate this training. Direct command involvement in preparation and throughout delivery is encouraged.

MCESG, Regions, MSAU, and schools will maintain copies of their training session's attendance, and will record annual training completion in MCTIMS. Training roster attendance sheets and MCTIMS records should be maintained by for three fiscal years at the MCESG (Group), Headquarters Company, MSAU, and region levels for their respective units. Training is required on a fiscal year schedule. Class sizes are limited to 30, in order to encourage small group discussions.

**Other Opportunities:**

Recognize and address negative trends that adversely affect command climate. Coordinate with the MCESG HQ SARC and SAPR VAs to generate interactive education and skill building opportunities. Examples include and are not limited to: command special events, safety meets, professional military education (PME), workshops, small group discussions, Sexual Assault Awareness and Prevention Month events, and Transformation Enhancement Program (TEP) initiatives. Collaboration is encouraged with the Marine Corps and sister-service installations.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol2 Sexual Assault Prevention and Response Education and Training dated 20210409*
- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

## CHAPTER 4: ADMINISTRATIVE READINESS

### 4001. CHECK-IN PROCEDURES

MCESG, Schools, MSAU, and Regions should have admin check-in procedures for new Marines that orient them on who their SAPR personal are and how to contact them. Check-In sheets and Welcome Aboard Briefs are the recommended approach. Victim Advocates shall forward copies of these documents to the SARC.

*Policies and references for the above paragraph include the following:*

- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

### 4002. SAPR POSTERS & POLICIES

MCESG HQ, Schools, MSAU, Regions, and Detachments/Posts should have the following posted in prominent areas of their command:

- Current SARC and SAPR VA posters
- MARFORCOM and MCESG SAPR policies (1 page documents)
- If MSAU/Regions produce their own policy, they should also be posted.

*Policies and references for the above paragraph include the following:*

- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

### 4003. MCESG WEBSITES

MCESG SARC, with support of the S-6, will ensure the MCESG SharePoint and the MCESG's public website are maintained with the following information at a minimum: DOD Safe Helpline, MCB-Q 24/7 SAPR Duty Line, and SARC/VA contact information.

- [https://usmc.sharepoint-mil.us/sites/MFC\\_MCESG/sapr/SitePages/SAPR.aspx](https://usmc.sharepoint-mil.us/sites/MFC_MCESG/sapr/SitePages/SAPR.aspx)
- <https://www.mcesg.marines.mil/Resources/SAPR/>

*Policies and references for the above paragraph include the following:*

- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

### 4004. LOCAL SAPR RESOURCE FAMILIARIZATION

SAPR personal must proactively become familiar with victim resources facilitated by the SAPR program. Because of MCESG's international dispersion and varying levels of resource availability, many of the below resources may require local research for accessibility. Maximize DOD, DOS, and US Government organizations before seeking support from local infrastructure and agencies. Sister services may have accessible resources as well. MCESG Regions and Detachments are required to identify localized resources.

A current copy of MCESG Local SAPR Resources is attached as an enclosure to MCESG's SAPR Order. Regarding overseas MSG mental health, all MSGs should be directed to RMO-P before other local resources.

SAPR VA must be prepared to act rapidly to connect victims with care in their local area. In the event of a restricted report, the VA may need to do so without consulting with other member of the command for

advise. MCESG SARC and MCB-Q SAPR Duty (24/7) may be able to support while preserving confidentiality.

Local SAPR resources should be re-contacted and updated every two years, or more frequently. Individuals leave their agencies, and agencies' policies may change their level of available support for victims.

There may be embassies/consulted with no US Government or local access to traditional SAPR care, i.e. forensic exams. SAPR VAs should proactively identify these risks, and be prepared to identify a MEDEVAC location to connect the victim with care.

These resources include:

- **General:**
  - 911
  - DOD Safe Helpline
  - MCB-Q SAPR Phone Duty Line
  - Other national, military, or local hotlines or organizations
- **Legal**
  - Victims Legal Counsel (VLC)
  - Naval Criminal Investigative Service (NCIS)
  - PMO
  - local law enforcement
  - Civilian Restraining Orders
- **Administrative**
  - Command Teams (CO/XO/SgtMaj)
  - Military Protection Orders (MPOs)
  - Expedited Transfers
- **Medical**
  - Medical care, to include emergencies/trauma
  - Forensic facilities capable of conducting a forensic exam in accordance with DODI 6495.02 Vol 1.
- **Behavioral**
  - Department of State (DOS) Region Medical Officer Psychologists (RMOP)
  - Marine Corps Base Quantico Behavioral Health Department
  - Marine Corps Community Services (MCCS)
  - Marine Family Life Counselors (MFLCs)
  - Chaplain and religious leaders
  - Suicide Prevention specialists
  - Substance Abuse specialists.

Some DOD facilities overseas are able to service non-DOD sexual assault victims. These individuals may not ordinarily be able to access support through military medical treatment facilities but seek care under emergency circumstances. See Memo from Office of the assistant SECDEF Health Affairs for additional info.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 1 Sexual Assault Prevention and Response Program Procedures Change 9 dated 20250318*
- *Office of the Assistant SECDEF, Health Affairs Memo Provision of Healthcare Related to Sexual Assault to Adult Non-Beneficiaries in Outside the Continental United States Locations dated 20250620*

## 4005. CGRI & SAI PREPARATION

MCESG SARC is required to coordinate CGRI preparation and inspection from MFC or other inspecting agencies. The SARC will use the Inspector General of the Marine Corps' (IGMC) Functional Area Checklists (FACs) for Sexual Assault Prevention and Response 1752.5 located at the below website.

<https://www.igmc.marines.mil/Divisions/Inspections-Division/Functional-Area-Checklists-FACs/smdpage83223/5/>

MCESG's subordinate commands, primary Regions 1-9 and MSAU, are subject to a Semi-Annual Inspection (SAI) of their SAPR programs.

## CHAPTER 5: RESPONSE

### 5001. INITIAL REPORTING REQUIREMENTS

When the command receives a report of an actual, suspected, or alleged sexual assault involving a MCESG Marine or applicable DOD-affiliated civilian, complete all SAPR reporting requirements outlined below. This section applies to Unrestricted Report Victims of sexual assault, and for the reporting of Marine suspects of sexual assault.

Protect victim and situation information through hand delivery, verbal communication, email encryption, and limiting correspondence to those with the need to know. MCESG's geographical dispersion and operations across two different government internet servers (USMC and DoS) require more deliberate efforts to contain sensitive victim information.

Reporting may occur as a result of: A victim report, a third-party notification, or a Command driven report.

The MCESG Commander must be informed of any concerns regarding SAPR personal or victim safety, retaliation, or access to services.

#### **MCESG Regions, MSAU, and Schools:**

With cases of sexual assault, Commanders of Regions, MSAU, and Schools will report Unrestricted Reports to the MCESG CO/XO/SARC:

- Notify MCESG CO, XO, and/or SARC via telephone within 30 minutes of report.
- Follow-up with an encrypted email including 5 Ws and additional details.
  - Communicate to the MCESG CO/XO/SARC:
    - If the Victim is SAFE
    - If the victim has experienced retaliation
    - If there are any concerns about access to victim services
- Coordinate emergency services if necessary.

Victim Advocates will coordinate directly with the MCESG SARC so that sensitive victim, suspect, and situation information is accurately recorded in the secure Defense Sexual Assault Incident Database (DSAID).

Protect the privacy of victims and alleged offenders to the maximum extent possible. Ensure privacy is maintained by limiting access to information to only those with an official need-to-know.

Subordinate commanders will not conduct independent JAGMAN investigations of alleged sexual assaults. Contact the MCESG HQ CJA for questions.

#### **MCESG Headquarters:**

**The following actions are to be taken by MCESG personnel after being informed of an unrestricted sexual assault report from Region, MSAU, Schools, or the HQ victim advocate.**

1. **OPREP-3 SIR:** With support of MCESG SARC and S1, MCESG CO will submit an Operations Event/ Incident Report (OPREP-3) Serious Incident Report (SIR), in accordance with reference MCO 3504.2A to HQMC. This applies to all Unrestricted Reports and allegations of sexual assault, including prior—to—service incidents, incidents involving civilian victims and Marine

offenders, and reports converted from Restricted to Unrestricted. For tracking purposes, notify the MCESG SARC of the date and time submitted.

2. **8-Day Incident Report:** With support of MCESG SARC (or XO if SARC is absent), MCESG CO will submit a draft SAPR 8-Day Incident Report to MCB-Q Commander and MFC Commander. Submission is facilitated by HQMC SAPR Office SharePoint data entry, and upload of a USMC Sexual Assault Prevention and Response 8-Day Brief PDF. Due to this automated process, the SAPR 8-Day Incident Report will only be shared with personnel authorized with an official need-to-know. When completing the SAPR 8-Day Incident Report, commanders will not conduct internal investigations, interview victims or SAPR VAs, or delegate others to obtain the required information. Contact the MCESG SARC for questions. There are two triggers for the SAPR 8-Day Incident Report:
  - a. Victims of sexual assault who are Active-Duty Service members and/or reserve members who file an Unrestricted Report (i.e. signed DD 2910).
  - b. Cases where an independent investigation has been initiated by a Military Criminal Investigation Organization (MCIO) (e.g., NCIS) that involves either a service member victim or a service member subject.
3. **Law Enforcement and Legal Organization Notification.**
  - a. In the event of a new report of sexual assault, MCESG CJA will lead efforts to immediately notify the Naval Criminal Investigation Service (NCIS). This includes assaults disclosed directly by a victim (DD 2910, or DD 2910-8) or by a third party. CJA will coordinate appropriately with Office of Special Trial Counsel (OSTC).
  - b. In the event of a new retaliation report (DD 2910-2) related to a sexual assault incident, CJA will immediately notify MCIO and OSTC
  - c. Unit commanders shall not conduct, internal, JAGMAN investigations on sexual assault allegations (i.e., no referrals to appointed command investigators or inquiring officers) and shall NOT delay immediately contacting the MCIO and OSTC while attempting to assess the credibility of the report.
4. **Installation Notification.** MCESG will ensure the Installation Commander (MCB-Q Quantico) is notified within 24 hours. Notification is made via Quantico SAPRO.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 1 Sexual Assault Prevention and Response Program Procedures Change 9 dated 20250318*
- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*
- *MCO 3504.2A Operations Event/Incident Report (OPREP-3) Reporting dated 20230807*
- *MFC Order 1752.2 dated 20250421*
- *MCINCR-MCBQ 1752.3A Standard Operating Procedures for Sexual Assault Prevention and Response (SAPR) Program dated 20240129*

## 5002. DD 2910 TRANSMISSION AND STORAGE

DD Form 2910 Victim Reporting Preference Statement (VRPS) are Controlled Unclassified Information (CUI) applicable to Privacy Act considerations when completed by SAPR Personal and victims. Victims should receive a physical copy.

Ideally, Victim Advocates hand carry them to the MCESG SARC within 48 hours, but due to MCESG's geographical dispersion, encrypted emails can be used for transfer. With communication between DOS and USMC email servers, unencrypted emails may be the only method. No electronic records of DD 2910s should be retained by SAPR personnel, so files saved to computers and sent emails should be deleted. No physical DD 2910s should be retained by VAs or the MCESG SARC.

The MCESG SARC uploads the DD 2910 into the DSAID system. The SARC may store DD2910s behind double lock and key for up to 10 days before physical transfer to the MCB-Q SARC, who will store the physical copy until for 50 years. If MCESG SARC is unavailable, MCESG SAPR Victim Advocates can receive DD2910 and DSDAID support through MCB-Q SAPRO.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 1 Sexual Assault Prevention and Response Program Procedures Change 9 dated 20250318*
- *NAVMC 1752.5 Sexual Assault Prevention and Response (SAPR) Procedures dated 20190605*
- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

### 5003. RETALIATION

Victims and SAPR personnel may be subject to retaliation. Retaliation may appear as actions or threats of actions against reporters of crimes and sexual assault.

In the event of retaliation, victims and SAPR personnel will report the situation via DD 2910-2. MCESG SARC and S1, as well as Quantico's VLC are among the most appropriate resources to respond to instances of retaliation.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 3 Sexual Assault Prevention and Response Retaliation Response for Adult Sexual Assault Cases dated 20220624*
- *MCO 1752.5C Sexual Assault Prevention and response (SAPR) Program dated 20190603*

### 5004. CATCH PROGRAM

SAPR Personnel will familiarize themselves with the CATCH program, designed to have victims of unrestricted, restricted, and no reports document offenders into a database for association with other related incidents.

The CATCH program allows an eligible adult victim of sexual assault to submit an anonymous entry into the CATCH system to discover if the suspect in the victim's report may be a suspect in another sexual assault (i.e. "match" in the CATCH website). Eligible adult sexual assault victims include those:

1. Who file, or have already filed, a Restricted report with a DD Form 2910. If notified of a potential match, the Restricted reporting victim can decide whether to convert to Unrestricted and participate in the investigation. The Restricted report will not be converted based on the information provided to the CATCH program without the victim's written permission on a revised DD Form 2910 per reference (b).
2. Who file, or have already filed, an Unrestricted report with a DD Form 2910 and the identity of their suspect was not disclosed by the victim or uncovered by law enforcement to include MCIOs (e.g., third-party report with no suspect identification). If notified a potential match, the

Unrestricted reporting victim can decide whether they now want to participate in the investigation per reference (b).

3. Who, have decided not to make a report to military law enforcement, a SARC, or SAPR VA. This process is described in policies as "SAPR Related Inquiries (SIR) CATCH entries".

Participation in the CATCH program is anonymous and voluntary. Participants may decline to participate at any point in the process, even after being notified that there was a potential match. Participants can provide any information when making an entry, however, the most helpful information is suspect's name, suspect's phone number, suspect's social media username(s) and platforms, suspects rank, and date and location of offense.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 1 Sexual Assault Prevention and Response Program Procedures Change 9 dated 20250318*

## 5005. SAFE TO REPORT POLICY FOR COLLATERAL MISCONDUCT

SAPR Personnel will familiarize themselves with the Safe to Report policy, designed to encourage victims to make unrestricted reports and receive services.

No member of the Department of Navy (DON) may discipline a Service member victim of an alleged sexual assault for minor collateral misconduct, i.e. underage drinking, unprofessional relationship with the accused, violation of lawful orders, etc.

The victim may be disciplined if the CO, in consultation with the CJA, determines that the alleged collateral misconduct is non-minor. The CO retains discretion as to whether to discipline the victim for non-minor alleged collateral misconduct.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 1 Sexual Assault Prevention and Response Program Procedures Change 9 dated 20250318*
- *Under SECDEF, Personnel and Readiness Memo Safe-to-Report for Service Members of Sexual Assault dated 20211025*
- *SECNAV Memo Department of the Navy Safe-to-Report Policy 20220629*
- *MCO 1752.5C Sexual Assault Prevention and response (SAPR) Program dated 20190603*

## 5006. NO WRONG DOOR POLICY

A victim who discloses sexual assault, sexual harassment, or domestic abuse to DON personnel responsible for victim care and support for sexual assault, sexual harassment or domestic abuse shall fully receive care and support from that person as practicable. They shall not be denied or inappropriately delayed in getting care and support.

If the victim cannot receive care and support from that organization because of programmatic eligibility criteria or other reasons, the person the victim contacts shall, with the victim's permission, ensure the victim receives a warm hand-off with the appropriate service provider.

DON personnel responsible for the care and support of victims of sexual assault, sexual harassment or domestic abuse include, but is not limited to, those helping professionals assigned or detailed to SAPR,

FAP, Military Equal Opportunity (MEO) programs; Victim Witness Assistance Program (VWAC), medical professionals, Warfighter and Family Services (non-medical counseling providers), Victims' Legal Counsel (VLC), or chaplains.

*Policies and references for the above paragraph include the following:*

- *SECNAV Memo Department of the Navy No Wrong Door Policy 20220624*

## 5007. PCA, PCS, AND EXPEDITED TRANSFERS (ETs)

The following section discusses temporary and permanent transfers of sexual assault suspects and victims. Different mechanisms exist for suspects, victims, if there are legitimate safety concerns, and if there are concerns over access to support services.

### **MCESG Internal Solutions:**

MCESG has significant internal capability to relocate victims and dependents. Internal solutions are generally preferred for MCESG victims because they provide the greatest opportunity to remain on-program.

In the event of a **legitimate safety concern** that cannot be mitigated through Military Protection Order (MPO), No Contact Order (NCO), or Civilian Protection Order (CPO), Commanding Officers and SARCs have the opportunity to relocate service members and dependents from unsafe situations using HQMC mechanisms. Safety concerns may stem from risk-to-self or risk-from-others. Commands will consult MCO 1300.8 Personnel Assignment Policy Ch 1 for a safety-related Permanent Change of Station (PCS) or Permanent Change of Assignment (PCA) within MCESG or to another command. Time on Station waivers may be required. MCESG GPAC, MCESG S3 (Assignments), and PMOS monitor may be applicable parties for generating the orders within or beyond MCESG.

MCESG CO is the approving authority for requests to transfer Marines from Embassy/Consulate Marine Detachments to the Quantico Headquarters under Remove for Cause (RFC) or Good of Service (GOS) circumstances. RFCs are often related to discipline allegations, and may be applicable to Marine suspects of sexual assault. GOS are often for medical circumstances, and may pertain to Marine victims who require higher levels of SAPR services or mental health support.

GOS or short-term MEDEVAC TAD may be alternatives to RFC, GOS, PCS, PCA, and Expedited Transfers.

DD Form 2910 Block 8 documents case transfer victim consent. For internal and external location/case transfers, warm handoffs between losing/gaining Commanders and SAPR personal are required.

### **Expedited Transfer:**

The SAPR Expedited Transfer (ET) is an additional victim resource that is governed by DOD and USMC SAPR regulations. ETs are more formal mechanisms with opportunities for GO appeal.

ETs offer service member unrestricted report victims, adult dependent unrestricted report victims, and their associated dependents the opportunity to request reassignment when he or she feels unsafe and/or uncomfortable at the current duty station. ETs are a HQMC mechanism submitted to HQMC SAPR Office for approval processing. ETs may be temporary or permanent from within their currently assigned command, or to a different command and installation. ETs are eligible to Dependents over 18 and dual military families. Immediately notify the MCESG SARC at any time a victim requests an expedited transfer. ETs are not intended to solve legitimate safety concerns, but are more designed to address victim discomfort.

In the event an unrestricted report victim completed a NAVMC 1752/3 Expedited Transfer form, MCESG SAPR VAs and SARC will route it to the MCESG CO. MCESG CO has not delegated this responsibility to Region COs, but will accept Region CO Endorsement letters. MCESG's protocol is to gather key staff members to discuss the case's circumstances and determine if the situation requires Group Commander Expedited Transfer approval. Maintaining discretion and confidentiality remain SAPR objectives. If need-to-know is justified, key members include the SARC, CJA, and Command team. HQMC processes ETs and generates PCS/PCA orders.

If MCESG O5/O6 Commanders deny a victim's ET request, MCESG personnel can request for the first GO/FO.

#### Expedited Transfer Timeline Requirements:

- From Victim signing NAVMC 1752/3, Region CO has 48 hours to provide Endorsement letter and route to MCESG CO
- From Victim signing NAVMC 1752/3, MCESG CO has 5 Calander days to document a decision and provide the victim a response. [Ref DODI 6495.02 Vol 1].
- If elevated to a GO, GO has 5 Calander days to review from date of appeal request.[Ref DODI 6495.02 Vol 1].
- From the date of MCESG CO approval or GO approval, transfer should be completed within 30 days. [Ref DODI 6495.02 Vol 1].

- *MCO 1300.8 Marine Corps Personnel Assignment Policy dated 20240918*

## 5008. CONVALESCENT LEAVE

Commanders and Military Treatment Facility (MTF) directors may grant convalescent leave (non-chargeable) to Service members based on a recommendation of a medical or mental healthcare provider or sexual assault medical forensic examiner.

Such leave may be approved to start immediately following the release from a medical facility, the completion of a Sexual Assault Forensic Exam (SAFE), or the completion of an appointment with a healthcare provider after a sexual assault incident is reported.

Convalescent leave approved by the commander or the MTF director may range from 1-30 days. Convalescent leave exceeding 30 days is controlled at the level designated by policy. There is no cumulative limit to the number of days of convalescent leave that may be granted.

Under existing policy, and procedures, commanders should allow Service members to attend in a normal duty status during normal duty hours, any scheduled medical or non-medical appointments, services, or counseling related to their sexual assault incidents, to support their recovery. These activities are the Service members appointed place of duty.

Service members on convalescent leave or liberty may attend these activities while on such time off. There is no cumulative limit to the number of days that Service members may take to attend such activities in a normal duty status per.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 1 Sexual Assault Prevention and Response Program Procedures Change 9 dated 20250318*
- *OSD Memo Clarification of Convalescent Leave Policy for Service Members Recovering from Sexual Assault dated 20221020*

## 5009. HIGH RISK RESPONSE TEAM (HRRT)

Multi-discipline HRRTs may be stood up by the MCEG CO in cases of high and immediate risk to the victim. Safety concerns from the victim themselves or others (ie suspect) may lead to a HRRT stand-up. MCO 1752.5C and NAVMC 1752.5 outline specific requirements and members for the HRRT. For all Quantico-based MCEG SAPR eligible victims, the HRRT will follow the procedures outlined in the chapter 4 of NAVMC 1752.5. For Region commands, detachments, and forward-deployed MSAU detachments, the HRRT membership can be modified to fit best support the individual needs of the victim. Members may include the Region Commanding Officer, MCEG SARC, SAPR VA, MCIO, MCEG Legal Officer, and assigned VLC. Additional members will be added as needed which include but not limited to the Detachment Commander, Regional Security Officer, and/or post medical officials. Delegation of HRRT membership and attendance will be delegated no lower than the Detachment Commander.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 1 Sexual Assault Prevention and Response Program Procedures Change 9 dated 20250318*
- *Under SECDEF, Personnel and Readiness Memo Actions to Address and Prevent Sexual Assault and Sexual Harassment in the Military dated 20240426*
- *NAVMC 1752.5 Sexual Assault Prevention and Response (SAPR) Procedures dated 20190605*
- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

## 5010. MILITARY PROTECTION ORDER (MPO)

In the event a victim or Commander is considering using a Military Protection Order to ensure the safety of a victim, the Commanders (O5-O6), SAPR Personnel (SARC & VA) will consult the MCEG CJA and MCB-Q Victims Legal Counsel.

Ensure victims and alleged offenders do not remain in the same work and/or living area as appropriate. Victims and alleged offenders who remain in the same work and/or living area will be routinely monitored for safety concerns. Issue a Military Protective Order (MPO), DD 2873, to the alleged offender (s) if requested by the victim, and after consultation with the MCEG HQ CJA. Victims will receive a signed copy of the MPO for their records. If exigent circumstances require the issuance of a verbal MPO, it will be immediately followed with a written MPO as soon as practicable.

If circumstances warrant protection, and only after consultation with the MCEG HQ CJA, an MPO may be issued without the victim's request.

*Policies and references for the above paragraph include the following:*

- *MCO 1752.5C Sexual Assault Prevention and response (SAPR) Program dated 20190603*
- *MARADMIN 216/20 U. S. MARINE CORPS REQUIREMENT TO ENTER MILITARY PROTECTIVE ORDERS INTO THE FEDERAL BUREAU OF INVESTIGATION NATIONAL CRIME INFORMATION CENTER PROTECTION ORDER FILE AND THE USMC AUTHORIZED CRIMINAL JUSTICE INFORMATION SYSTEM*
- *DD Form 2873*

## 5011. CIVILIAN RESTRAINING ORDER

Local law enforcement may be contacted to issue restraining orders against suspects. Victims Legal Counsel (VLC) may provide additional information for obtaining a restraining order, and its benefits.

*Policies and references for the above paragraph include the following:*

- *DoDI 6495.02 Vol 1 Sexual Assault Prevention and Response Program Procedures Change 9 dated 20250318*
- *MCO 1752.5C Sexual Assault Prevention and response (SAPR) Program dated 20190603*

## 5012. MEDICAL EVACUATION (MEDEVAC)

In the event victim may need evacuated from an overseas post for physical or mental health concerns, the following teams are available to support the process: DOS Medical personnel at post; DOS Medical HQ via National capital region, TRICARE's International (SOS), MCESG Medical/Psychologist, MCESG's Nurse Case Manager, and MCESG Comptroller. The situation's urgency and the risk to the life of the victim or others will be a consideration.

Travel procurement funding for the victim and a physical escort may be through USMC's Defense Travel System (DTS), or via DOS (E2) in that order of preference. MCESG (Group) maintains a DTS Line of Accounting (LOA) for MEDEVAC requirements.

MEDEVAC may be required if a MSG does not have access to desired care in that local area, through SU Government or local infrastructure.

## 5013. MEDICAL RESOURCES

### **General Information**

Women's access to DOD organized and funded abortions in response to a sexual assault may be limited.

SAFE kits and forensic exams require specific collection and handling instructions.

### **Quantico Marines, Dependents, and Civilians**

SAPR personal shall utilize MCB-Q published medical and forensic exam location information, and enable the victim to make a rapid visit to alleviate emergency, medical, and forensic evidence collection concerns. Best practice is to call the listed clinic before departure, to ensure the hospital is staffed at that moment to provide the required care.

US Military Treatment facilities are intimately familiar with conserving Restricted Report confidentiality. US civilian medical facilities follow federal regulations, but may be unfamiliar with DOD SAPR policies and protections behind restricted reporting.

### **Marine Security Guards**

When taking a post overseas, MSGs shall contact TRICARE/HUMANA to ensure they have the correct 'region' to facilitate their care and claims. Check-in process should include visiting the DOS Embassy/consulate medical office.

Support of MSG victims at Embassies/consulates should be first coordinated with that locations DOS medical unit. If applicable, care may be received through local medical infrastructure. Recommend all OCONUS locations proactively identify potential local medical infrastructure. Current local resources are identified on enclosure 2.

When victims file restricted reports, it is the SAPR VA's duty to connect the victim to desired resources without breaking confidentiality. SAPR Victim advocates should proactively contact Embassy/Consulate DOS Medical Units and local medical infrastructure to maximize the ability to respond to SAPR victim needs, independent from other members of the command. The MCESG SARC and MCB-Q SAPR Duty (24/7) may be able to provide support while preserving confidentiality.

OCONUS DOD facilities may be able to accept sexual assault victims for case, even if the individuals would not normally have access to the military treatment facility.

If Post-MED is unable to provide the desired level of SAPR medical care (ie SAFE Kits and STD testing), they may direct victims to service in the local area that are Tricare "covered entities". In these situations, the local business may be unable to bill Tricare on the front end. The victim may need to pay for the expenses out of pocket, and complete a Tricare Overseas claim after the experience. MCESG Medical Corpsman can support the claim process instructions. <https://www.tricare-overseas.com/beneficiaries/claims/how-to-file-a-tricare-overseas-claim>

*Policies and references for the above paragraph include the following:*

- *MARADMIN 047/22 Announcement of Forthcoming Changes to Sexual Assault Prevention and Response Policy dated 20220214*
- *GRUO 6000.3B Standard Operating Procedures for Medical*

## 5014. MENTAL HEALTH RESOURCES

### **Students**

Students have the same resources available to them as Quantico Marines while they are in training. If they choose to remain in training, as part of the assessment and selection process, students are thoroughly screened for risk throughout the training pipeline and are required to disclose current and past counseling (of any nature). If a victim seeks care, they should be encouraged to disclose this to the MCESG Behavioral Science Department. In the event an Unrestricted Report occurs with a student, MCESG Behavioral Science should be informed to aid in risk evaluation and consultation to command.

### **Marine Security Guards (MSGs) with MSAU, Region 1-9, and Marine Detachments**

In accordance with the MOA between MCEG and Department of State (DOS), mental health treatment on post is only authorized via the Department of State's **Regional Medical Officer Psychiatrists (RMO-Ps)**. If the RMO-P completes an initial assessment and perceives no current medical need, the MSG may be encouraged to access non-medical counseling (see section below). MCEG Behavioral Science can clarify RMO-P points of contact, as they change frequently and are dependent on the victim's location. Embassy/Consulate DOS Post Health Units should also have RMO-P contact information.

### **Quantico Marines, and all Eligible Dependents**

Non-MSG active-duty personnel should be referred to on-post non-medical counselors and/or Naval Health Clinic Quantico. It is generally best practice to refer to non-medical counselors first (unless immediate safety is a concern) due to better availability and the importance of not assuming pathology (i.e. the victim is having a normal response to an abnormal event). Non-medical counselors are required to refer to medical resources if a client is experiencing symptoms of a mental health disorder or presents a safety risk. It is NOT the responsibility of the victim advocate to determine if the victim requires medical or non-medical resources.

### **Resources:**

Please refer to the USMC Warfighter Mental Readiness Playbook for an exhaustive list of counseling resources. The most relevant and common resources for MCEG staff are summarized below. There are two general forms of counseling for victims.

**Medical:** Focus on diagnosing and treating mental health conditions/disorders (e.g. PTSD, Bipolar) through therapy and medication. Medical cases represent a minority of clients.

#### Examples:

- DOS Region Medical Officer Psychiatrists (RMO-P).
- Military Treatment Facilities (e.g. Naval Health Clinic – Quantico, Fort Belvoir).
- Tricare network behavioral health providers

**Non-medical:** Focuses on overall well-being and preventing mental health issues through support services, community programs, counseling, and therapy. Nonmedical cases represent a majority of clients.

#### Examples:

- Military and Family Life Counselor (MFLC)
- Community Counseling Program (CCP) / Marine Corps Community Services (MCCS)
- DOS Employee Counseling Services (ECS)
- Military OneSource and Semper Support
- Military Chaplain

These resources are detailed in more detail below.

### **Regional Medical Officer Psychiatrists (RMO-P):**

RMO-Ps are psychiatrists employed by DOS and provide psychiatric care to DOS employees, their families, as well as MSGs. While their primary training is in psychiatry (i.e. medication), many do offer supportive counseling. All RMO-Ps can evaluate for mental health disorders. DOS RMO-P comply w/ MOA and GrO 6000.3B to inform MCEG (command) if a patient is a risk to USMC/DOS missions.

### **Military and Family Life Counselor (MFLC)**

MFLCs embedded within the units inform the command of trends in the behavioral health of the unit. MFLCs do not provide medical care; if a Marine requires medical support from a psychologist or psychiatrist, the MFLC will assist in connecting the Marine to the appropriate resource. MFLCs offer non-medical counseling services to help Marines and their families address stress and offer referrals to create an environment that encourages the proper management of stress.

#### **Community Counseling Program (CCP):**

CCP provides confidential, accessible, comprehensive, non-medical counseling services for Marines, other active duty personnel, and their family members.

Counseling uses action-oriented techniques targeting challenges in daily living and high-risk behaviors that have the potential to negatively impact a Marine's performance and relationships. Counseling at CCP aims to enhance skills and helps Marines and families accomplish personal goals through short-term, solution-focused counseling. Services are delivered in individual, family, and group settings and CCP offices are located on all Marine Corps installations.

#### **Military OneSource:**

Military One Source counselors are available for free, short-term, confidential non-medical counseling services for a wide range of circumstances from marital conflicts and stress management, to coping with a loss and deployments. Sessions can take place in person, over the phone, or via secure video or online chat. <https://www.militaryonesource.mil/confidential-counseling/> 800-342-9647

#### **Semper Support, via MCCS and Military OneSource:**

Semper Support offers virtual, non-medical counseling for Marines and their families

- Marines face stress—in life, at work, in training, on deployments. Marine leaders and OSCAR team members provide critical mentorship and support. Sometimes additional support, like counseling, is needed.
- The Marine Corps is adding Semper Support, an additional option for non-medical virtual counseling for Marines and their families. Semper Support enhances readiness, resilience, and total fitness, which are all crucial for mission success. Semper Support fills a need for our Marines and families who are geographically dispersed and/or those who may experience barriers to in-person counseling services.

#### **Free, Convenient, and Effective**

- Access Semper Support's free counseling sessions for Marines and their family from anywhere, on your schedule. Marines and their families are eligible for five to six free, confidential counseling sessions per issue. The goal is to provide short-term, solution-focused support. If you need longer-term care or specialized services, your counselor will provide appropriate referrals to ensure you get the support you need. Counselors provide help and resources to better manage life stressors and challenges while improving mission readiness, resilience, and well-being.

#### **Accessing Semper Support**

- Contact Semper Support worldwide at 800-342-9647, or visit [www.militaryonesource.mil/contact-us/](http://www.militaryonesource.mil/contact-us/).
- Call Military OneSource. Ask for Semper Support. Get directed to team members who can provide virtual nonmedical counseling for Marines only.

#### **TRICARE Network:**

Any care that Navy Medicine cannot directly provide (other than emergency care) may be referred to the TRICARE network and requires a referral from the military PCM (emergency care does not require a referral). To schedule TRICARE appointments:

- Call assigned MTF appointment line or use the TRICARE Online (TOL) Patient Portal of the MHS GENESIS Patient Portal (TOL is only available to those enrolled to an MTF).
- If a Service Member is unable to go to their PCM or military hospital or clinic, they will need a referral or pre-authorization to seek outside care with a network provider (Pre-authorizations are not required for emergency care).
- If a Service Member is on leave away from their duty station and requires urgent or routine care: They must still have a referral from their PCM.
- If after hours, they can call the Nurse Advice Line at 1-800-TRICARE (874-2273).
- The Service Member must call their PCM the next duty day to inform them of care received.

**Network Providers:** Have a formal agreement with the regional network. These providers will only charge copays and accept a negotiated rate as payment in full. Members pay only network copays and cost shares.

**Non-Network Providers:**

Non-Network providers have no formal agreement with regional network and may require full payment up front. Non-network providers can choose to be either “participating providers” or “non-participating providers.” Participating providers accept TRICARE-allowable charges as payment in full, however non-participating providers may charge up to 15 percent more than the TRICARE-allowable charge.

**Military Chaplain:**

Chaplains are available for 100% confidential counseling services for Marines, Sailors, contracted civilians, and family members. The Chaplain’s services are for a wide range of circumstances and not limited to religious/spiritual matters only. If an individual speaking with the Chaplain requires support from a psychologist or psychiatrist, the Chaplain will provide the individual with the right resources. If the individual would like the Chaplain to speak on his/her behalf, the individual will need to release the Chaplain of confidentiality through a memorandum provided by the Chaplain.

*Policies and references for the above paragraph include the following:*

- *GRUO 6000.3B Standard Operating Procedures for Medical*
- *Marine Corps Warfighter Mental Readiness Playbook Version 3*

## 5015. LAW ENFORCEMENT AND LEGAL RESOURCES

Command teams will seek counsel from CJA regarding law enforcement investigations, criminal or administrative actions taken towards suspects. Uniformed Code of Military Justice (USMC) Article 120 included Rape, Sexual Assault, and Other Sexual Misconduct.

CJA and SARC will be lead MCESG contacts for open investigation updates from NCIS. Victims often seek updates from investigating agents and/or commands with respect to their cases.

*Policies and references for the above paragraph include the following:*

- *DOD Manual for Courts-Martial United States (2024 Edition)*

- *MARADMIN 655/23 Office of the Special Trial Counsel Full Operational Capability and Notification Requirements for Covered Offenses.*
- *MARADMIN 655/23 Office of the Special Trial Counsel Full Operational Capability and Notification Requirements for Covered Offenses dated 20231228*

## 5016. CASE MANAGEMENT RESPONSIBILITIES

### **DSAID Case Management**

The MCESG SARC will maintain all open Restricted and Unrestricted cases in DSAID. This includes monthly updates for safety and referrals.

### **Monthly Check Ins with Victims regarding Safety and Referred Services**

Victim Advocates will make contact with victims of open restricted and unrestricted cases at least monthly to ensure the victim has access to the services they desire at that point in time.

Updates should be shared with the SARC for entry into DSAID. SARC should make DSAID Safety Notes and Referral Notes every month until victim is no longer receiving SAPR SERVICES, where a final note is made.

### **Case Management Group (CMG) Obligations**

The MCESG Commanding Officer is required to attend Monthly CMGs hosted by MCB-Q. Cases briefed are Open and Unrestricted involving military victims. Prior to the CMG, MCB-Q and MCESG SARCs will clarify which cases meet the criteria to be briefed on the CMG. MCESG SARC is the Commander's lead team member to consolidate information for the presentation. Other participants may include Region Commanders, Executive officers, need-to-know SAPR personal, the chaplain, CJA, and medical personnel.

Within 72 hours of the completion of a MCB-Q CMG, the Command is required attempt contact with each briefed victim to complete a 72-hour Notification.

If the Victim has previously communicated a disinterested in speaking with the Command or SAPR personal regarding this case, the notification attempt is not recommended. Certain CMG-briefed cases are classified as Unrestricted and remain open; however, they were reported by third parties, and the victim has expressed no interest in engaging with Command or SAPR program resources. Some victims are content with contact only from the SAPR VA.

For initial Command contact with the victim, consider asking a Victim Advocate who has built trust and report with the victim to facilitate an introduction.

Recommended Command Representatives to Complete a 72 Hour Post-CMG Notifications, in order of precedence:

- MCESG HQ/MSAU/Schools Victim
  1. MCESG XO
  2. MCESG SARC
  3. MCESG CO
- Region Victim
  1. Region CO
  2. MCESG SARC

3. MCESG XO
4. MCESG CO

The following subjects should be communicated with the victim.

- The Command is still following the open case and cares for the wellbeing of the victim.
- The Command has/does not have updates pertaining to the case to provide to the victim. Update may be legal, administrative, medical, or behavioral in nature. Common Command updates pertain to MPOs, legal proceeding, and expedited transfers.
- Provide the opportunity for the victim to share updates, to include satisfaction in their Victim Advocate and resources offered/received.
- Validating there are no concerns with safety, retaliation, or access to desired services/resources.

The MCESG SARC will save evidence of 72-hour contact. The MCESG SARC will contact MCB-Q Commander to inform about the completion of the 72 Hour Notifications, and any updates/details that may have transpired since the CMG.

*Policies and references for the above paragraph include the following:*

- *NAVMC 1752.5 Sexual Assault Prevention and Response (SAPR) Procedures dated 20190605*
- *MCO 1752.5C Sexual Assault Prevention and Response (SAPR) Program dated 20190603*

## 5017. ADDITIONAL SUPPORT FOR VICTIMS AND SAPR PERSONEL

Ensure SAPR services, along with emergency care are offered to eligible victims of sexual assault in a timely manner. Emergency care consists of medical and psychological treatment as well as the offer of a Sexual Assault Forensic Exam (SAFE) Eligible victims will be informed that if a SAFE is declined, other services and treatments remain available.

All leaders must protect the integrity of all SAPR related procedures. This includes protecting victims' confidentiality, encouraging victims to receive full support services, and understanding the duties and limitations of SAPR personnel. The command climate will protect all victims, SARCs, SAPR VAs, family members, reporters, and witnesses of sexual assault. These groups will be protected from coercion, retaliation, restriction, reprisal, ostracism, and maltreatment.

Ensure victims are notified upon adjudication of military justice proceedings.

4	Montevideo	MEDICAL EXAM / EMERGENCY ROOM	Hospital Britanico	Avda Italia 2420, Montevideo, Uruguay.	+598-2487-1020	The British Hospital (Hospital Britanico) has a dedicated team that would give assistance and support in the case of a sexual assault victim who presented to the ER and are a member of the BH. It has yet to be confirmed how this service at the BH would extend to private patients or patients with other insurance coverage. Similar services are available through other insurance coverage plans, but not verified if available at all. Chaplains are not commonly available in hospitals here. If a person enters an emergency room due to sexual abuse, healthcare teams follow protocols established by the Ministry of Public Health (MSP) to ensure comprehensive, confidential care that respects the victim's rights. This applies equally in both the public and private sectors. Healthcare professionals are legally required to report to the competent authorities when attending to a person who has been a victim of sexual abuse. They are not required to obtain the victim's consent to make this report. The aim is for the authorities to initiate an investigation, even if the victim chooses not to file a complaint. At the same time, the military is also in line with the victim's medical and
